# HOODACRES

ORIGINATING  
GARDENS

FALL  
SEED LIST

1941

TROUDDALE, OREGON

HOODACRES ORIGINATING GARDENS take pardonable pride in announcing that the usual DELPHINIUM INFORMATION BOOKLET will be ready for distribution to those interested early in the year 1942. It is Mr. Barber's desire to present the booklet at a time when we all have the leisure to study and improve ourselves through gardening channels. It is with this in mind that we are sending you this listing of the famed Hoodacre Delphinium originations, so that fall sowing of seeds will yield blooming plants the following season.

For plants of Delphiniums, Aubrietias, Hemerocallis, Japanese Iris, Oriental Poppies, Aquilegia or (Columbine) and Hybrid Heuchera, consult our Summer 1941 Delphinium Information booklet, or write us and we will send one to you free.

Unusual interest centers about Hoodacres White varieties and the rare new shades made possible only through them.

SHIP'S MAST	White throughout, tall and of robust growth packet	\$3.00
ANGEL'S BREATH	The Fawn centered white	2.50
PEARL NECKLACE	The Queen of all white kinds	2.50
VELVABEE	White with a black center	2.50
THE BRIDE	Blush tinged Pearl Necklace	2.00

The Delphinium is referred to as being the Aristocrat of the Garden because it is a tall growing long blooming flower. We have fixed several of our most striking varieties and offer seeds collected from these named plants.

## COMPLETE RANGE OF SHADES AND FORMS

	from the white through light, medium and dark blue, pkt.	\$1.00
MISTLAND BLUE	Charming medium tone of self blue, often referred to as being sky blue	2.00
RED RAMA	Intense violet-red contrasted to the white bee	2.00
BLUE BOY	Perfect gentian blue tones in both the front and back sepals	2.00
PINK RAPTURE	Glistening mauve-pink	2.00
OPALSHIRE	Delicate pink and pastel shadings, one of the most popular with our customers	2.00
THE WONDROUS	Extraordinary for the size of individual florets, light to dark	2.00
REX OREGONUS	A class having broad tapering spikes in the various color tones	2.00
AQUILEGIA	Long spurred Hybrids mixed colors	.50
HEUCHERA	Coral Bells, large sized blos- soms with the ability to bloom twice in one season	.50
AUBRIETIA	Prostrate border or rockery plants large flowers, with strong deep color	.50
LUPIN	Russel's Hybrids re-selected colors	.50

The Lupin is being used in the garden as  
a tall background accent to bloom be-  
fore the Delphinium dominates the garden.

Hoodacres is located directly on the famous Columbia  
River Highway 6 miles east of 82nd Street, Portland, Ore-  
gon. Address all inquiries and mail to
